**PUBLIC NOTICE**

The Boston Redevelopment Authority (BRA), acting pursuant to Article 51 of the Boston Zoning Code, hereby gives notice that a Master Plan Amendment has been submitted by Boston College to allow the University to expand Alumni Stadium an additional 12,000 seats and relocate the Flynn Recreation Complex within its campus. The Amendment may be reviewed in the BRA Library, Room 931A, Boston City Hall, Boston, MA 02210, between 9:00 A.M. and 5:00 P.M., Monday through Friday, except legal holidays. Public comments on the Amendment should be transmitted to Beverley Johnson, Assistant Director for Institutional Planning, at the address stated above within thirty (30) days of this notice. Boston Redevelopment Authority, Joseph Fisher, Secretary.

L.U.C.K. Neighborhood Association
40 Lake Street, Brighton, MA. 02135

July 20, 1993

Beverley Johnson,
Asst. Director for Institutional Planning
Boston Redevelopment Authority.
Boston City Hall
Boston, Ma. 0220I

Dear Ms. Johnson,

On behalf of myself and the Board of Directors of the L.U.C.K. Neighborhood Association, we are formally requesting, (in light of the enclosed statements and information,) that we are recorded as opposing Boston College Alumni Stadium expansion vehemently. The following facts, misinformation and deletions are discussed. This expansion is considered in-appropriate to say the least. It will cause decline of property values, change the quality of life drastically, put Allston/Brighton in total gridlock, and promote the degeneration of three prime areas. The change of land use, traffic, air pollution, and groundwater compounded with already existing problems does not make the future bright for home-owners and residents of the abutting areas.

a. We are already in total gridlock, in a very impacted area. On the North side of the MBTA tracks we have situated a small shopping mall at the intersection of Lake & Commonwealth Ave, at the termination of the MBTA "B" line. The Shopping Center suffers from lack of sufficient parking and in order to "access" has to exit over the MBTA "in-bound" and "out-bound" car tracks. Short-term trips contribute significantly to danger of pedestrians dodging cars at this access and also vehicular traffic sometimes not giving "the right of way" to in-coming and "out-going" MBTA cars. In front of this shopping strip is a Boston Taxi stand. On the West side of the MBTA tracks (within yards) is another small mall consisting of 4 stores, and a Newton Taxi stand. (situated on the Boston, Newton line.

b. On the SOUTH side of this intersection (on the opposite side of the car tracks is More Hall, which houses I27 offices and abutting More Hall is the Evergreen Cemetery. St. Ignatius Church is directly across from More Hall. Within yards are several dormitories, plus a new one being completed in time for Sept. "93". giving the neighborhood a grand total of 4,086 on Lower campus. (B.C. fact book I99I page 64) There are plans in the near future for two more dorms that will serve another 700 studen in an already heavily impacted area. A matter of yards from our homes.

c. LAKE ST. is a "restricted" street. No trucks or buses. LAKE STREET is also designated as 5I-36 " A Neighborhood Design Overlay District "to protect the existing scale, quality of the pedestrian environment, character of the residential neighborhood and concentration of Historic Buildings within the Neighborhood Design Overlay District." Nov. I3, I9 (ARTICLE 5I).

BOSTON
TRANSPORTATION
DEPARTMENT

November 27, 1990

Ms. Marion Alford
Luck Neighborhood Association
40 Lake Street
Brighton, MA 02135

Dear Ms. Alford:

This letter shall serve to confirm the following regulation of the Boston Transportation Department is in effect on Lake Street, Brighton.

Article VII, Section 2 - Heavy Commercial Vehicles Excluded

Lake Street, Brighton
from Commonwealth Avenue to Washington Street

I have enclosed a copy of the regulation extracted from the rule book for your convenience.

If you require any additional information, please do not hesitate to call me at 725-4678.

Very truly yours,

Michael W. Collins
Chief Traffic Investigator

**ARTICLE VII**

**EXCLUSION OF VEHICLES**

**Section 1. Advertising Vehicles Excluded**

No person shall drive or park any vehicle designed or used primarily for the purpose of advertising on any street in the district bounded by the southwesterly line of Massachusetts Avenue, the southeasterly line of Albany Street, Fort Point Channel, Boston Harbor and Charles River.

**Section 2. Heavy Commercial Vehicles Excluded**

No commercial vehicle shall be operated on the following streets or parts thereof, provided that this restriction shall not apply to authorized emergency vehicles, as herein defined, to vehicles using streets for the making of deliveries or collections, or for the purpose of reaching a regular storage place located on said streets or parts thereof, to street repair vehicles of the City of Boston, nor to any commercial vehicle equipped with pneumatic tires, with a load capacity not over two and one-half tons, and without a trailer.

The list of "streets or parts thereof" referred to in the preceding paragraph is on file at the office of the Boston Transportation Department.

SECTION 51-36. **Establishment of Neighborhood Design Overlay Districts Within Residential Subdistricts.** This Section 51-36 establishes five (5) Neighborhood Design Overlay Districts as overlays to Residential Subdistricts, within the Allston-Brighton Neighborhood District. The Neighborhood Design Overlay Districts are established to protect the existing scale, quality of the pedestrian environment, character of the residential neighborhoods, and concentrations of historic buildings within the Neighborhood Design Overlay Districts.

Design review regulations applicable within the Neighborhood Design Overlay Districts are set forth in Section 51-44. All use, dimensional, and other provisions applicable to the underlying Residential Subdistricts are applicable within the Neighborhood Design Overlay Districts.

The Neighborhood Design Overlay Districts are located as designated on Maps 7A, 7B, 7C, and 7D "Allston-Brighton Neighborhood District." The names and design characteristics of the Neighborhood Design Overlay Districts are as follows:

1. Aberdeen Neighborhood Design Overlay District. The Aberdeen area grew in the 1890s as a residential community and is characterized by picturesque development of curvilinear streets with large shingle style houses in naturalistic settings. It includes Chiswick, Selkirk, Kilsyth, Kinross and Lanark Roads, and Englewood Avenue.

2. Newton Street Neighborhood Design Overlay District. The homes along Newton Street are brick or stone mansard double houses of uniform design and construction. Probably built between 1871 and 1875, they are the largest concentration of mansard cottages in Brighton.

3. Raymond Street Neighborhood Design Overlay District. Along Raymond Street, Holmes Street, Mead Street and Franklin Street is a large complex of Queen Anne brick row buildings. These buildings have rowlock arches above window and door openings, granite sills and panel brick decoration. They were built in the late 19th century, probably to accommodate workers from local companies.

4. Lake Street Neighborhood Design Overlay District. Lake Street, which was not a public way until the 1850s, contains well preserved residences in a variety of architectural styles which include Italianate vernacular, Colonial Revival, and Craftsman styles. It extends from Knowles Street to Rogers Park Avenue.

5. Sparhawk Neighborhood Design Overlay District. The Sparhawk area is a well-defined neighborhood situated northeast of Brighton Center, bounded on the south by Henshaw and Cambridge Streets, on the east by Dustin Street, on the north by Mapleton Street, and on the west by Market Street. The neighborhood is characterized by homes ranging from commodious late 19th century single family and double homes in the southern sector to post-World War I Colonial Revival two-family houses lining the grid-patterned streets to the north. It has the best concentration of late 19th

d. ST. JOHN'S SEMINARY is a CONSERVATION PROTECTION SUBDISTRICT, "to protect and enhance the natural and scenic resources of Brighton." PARKING IS FORBIDDEN. IT IS ILLEGAL. There is no permit or variance on record to permit Boston College to utilize this Conservation land for the parking of 700 cars, which also entails the use of shuttle buses up Foster Street and down Lake Street. On one page in the transportation study (April 5, 1993) page iv it states "Off-site parking lots within walking distance of the stadium include St. John's Seminary, bounded by Lake St., Foster St., and Commonwealth Ave. the MWRA Water Works Buildings on Beacon St., opposite the Chestnut Hill Reservoir, and along the Hammond Pond Parkway roadway shoulders. (Courtesy of MDC.)

1. FROM THE TOP OF LAKE STREET TO THE LAKE STREET ENTRANCE TO ST. JOHN'S SEMINARY ENTRANCE TO PARKING IS 2/5 OF A MILE, THIS LAKE STREET AREA HAS ILLEGAL PARKING FORCED ON US WITH UNECESSARY, UNWANTED, SHUTTLE BUSES.

2. FROM CHESTNUT HILL MBTA "RIVERSIDE" STATION THE WALKING DISTANCE IS JUST 1/2 MILE TO THE ENTRANCE OF ALUMNI STADIUM. (BY WALKING UP HAMMOND ST. AND TAKING A RIGHT ON TO NANCY ROAD IT BRINGS YOU RIGHT TO THE STADIUM.)

3. FROM ALUMNI STADIUM TO THE CHESTNUT HILL PUMP STATION THE DISTANCE IS I.I MILE.

4. FROM ALUMNI STADIUM TO CLEVELAND CIRCLE "RIVERSIDE" LINE IS I.3 MILES.

5. FROM ALUMNI STADIUM TO HAMMOND POND PARKWAY IS I.2 WHERE BEACON ST. AND THE PARKWAY MEET.

THERE ABSOLUTELY IS NO NEED FOR A "SPECIAL B.C. STOP" AT THE HISTORIC CHESTNUT HILL PUMP STATION. IT IS 1/2 MILE FURTHER WALKING DISTANCE THAN THE "CHESTNUT HILL" RIVERSIDE MBTA LINE.

THE CENNACLE PROPERTY WHICH IS ALSO A CONSERVATION PROTECTION SUBDISTRICT IS ALSO BEING USED ILLEGALLY BY BOSTON COLLEGE FOOTBALL PATRONS.

Also during one of the final games for last season the neighbors were treated to the roar and noises of 6-8 helicopter landings delivering people. Another game there were 2 planes circling and hovering low over the stadium and the residential areas. Still, another game, the Navy, the navy plane broke the sound barrier which was quite frightening and disturbing to the residents.

TABLE A

PARKING DURING SPECIAL EVENTS

| Location | Spaces | Fee | Shuttle Bus Service |
|---|---|---|---|
| Chestnut Hill Campus | 2,330 | Yes | No |
| Shea Field | 800 | Yes | No |
| Newton Campus | 1,000 | No | Yes |
| St. John's Seminary | 700 | No | Yes |
| Bull Information (Life St., Brigton) | 350 | No | Yes |
| Polaroid (Needham St., Newton) | 386 | No | Yes |
| MWRA Water Works Buildings | 200 | No | No |
| Riverside Garage | 200 ± | Yes | Yes |
| Hammond Pond Parkway | 250 | No | No |
| Foster St. Tennis Court | 50 | No | Yes |

## REGULATIONS APPLICABLE IN CONSERVATION PROTECTION SUBDISTRICTS

SECTION 51-10. Establishment of Conservation Protection Subdistricts. This Section 51-10 establishes eleven (11) "Conservation Protection Subdistricts" (CPS) in the Allston-Brighton Neighborhood District. The CPSs are established to promote the most desirable use of land and siting of development in areas with special natural or scenic features in accordance with a well considered plan, and to protect and enhance the natural and scenic resources of Allston-Brighton. The CPSs are designated "CPS" on Maps 7A, 7B, 7C, and 7D "Allston-Brighton Neighborhood District":

1. Cenacle Retreat Center CPS;
2. Crittenton CPS;
3. Foster Street Hill CPS;
4. Foster Street Rock CPS;
5. Kennedy Rock CPS;
6. Leamington Rock CPS;
7. Mt. Saint Joseph's Academy CPS;
8. Oakland Quarry CPS;
9. St. Gabriel's Monastery CPS;
10. St. John's Seminary CPS; and
11. St. Sebastian's CPS.

SECTION 51-11. Use Regulations Applicable in Conservation Protection Subdistricts. Within the Conservation Protection Subdistricts, the uses identified in Table A of this Article and described in greater detail in Article 2A, are allowed, conditional, or forbidden as set forth in said Table A. No land or Structure in a Conservation Protection Subdistrict shall be erected, used, or arranged or designed to be used, in whole or in part, unless, for the proposed location of such use, the use is identified in said Table A as "A" (allowed) or, subject to the provisions of Article 6, the use is identified as "C" (conditional). Any use identified as "F" (forbidden) in Table A for the proposed location of such use is forbidden in such location. Any use not included in Table A is forbidden for the Conservation Protection Subdistricts.

# The BC Commuter's Education:

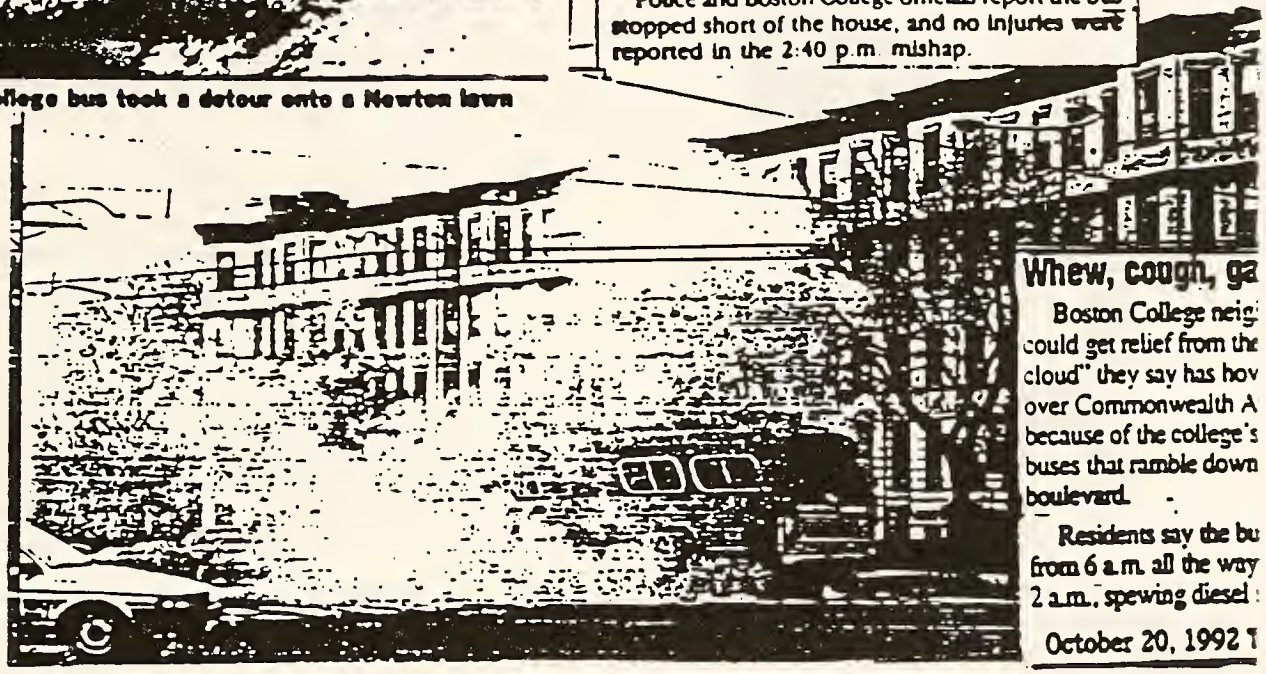
A Boston College bus took a detour onto a Newton lawn

## NEWSWIRE

A Boston College shuttle bus landed on a Newton Corner lawn December 19 after its brakes failed on a Centre Street hill.

The bus, which is operated by Crystal Transport, was carrying no passengers at the time of the accident and was on its way to the company's Brighton garage for repairs, according to college officials.

Police and Boston College officials report the bus stopped short of the house, and no injuries were reported in the 2:40 p.m. mishap.



Whew, cough, ga

Boston College neig could get relief from the cloud" they say has hov over Commonwealth A because of the college's buses that ramble down boulevard.

Residents say the bu from 6 a.m. all the way 2 a.m., spewing diesel

October 20, 1992 T

THE CRYSTAL BUSES, a bus company that has operated without the necessary permits in the cities of Boston & Newton. On the Boston side we have large buses traveling to B.C., packed, sometimes OVER-PACKED, as students have testified to, and EMPTY MBTA cars running side by side with these buses. In case you haven't noticed, the MBTA has a huge deficit. ON The Boston side we have all duplication of services. Boston College, the non-profit organization is a contributing factor regarding the MBTA DEFICIT. The buses are dirty and pollute the air. The route that needs to be eliminated is the Commonwealth Ave. to Colbourne Rd. (a mile and I 4, it makes a "U" turn and goes back to the college. Our organization is dedicated to working towards the removal of DUPLICATE SERVICES and we are working to establish the PRIMARY USE OF THE MBTA.

A Crystal bus rolled down Commonwealth Avenue and demolished a cement pole last Thursday. That same morning, an engine of a Crystal bus overheated. Students had to tell the driver they wished to get off the bus because it was filling with smoke. He did not suggest they evacuate.

Aside from these two incidents, the Crystal buses and their drivers have gained a reputation for their poor service and inconsistent schedule.

The Heights - Boston College

# THE PARKING GARAGE

We would like to call to your attention that every football game at Boston College starts with an EMPTY campus. The students that ordinarily occupy parking spaces on campus are requested to remove their cars the night before the game and told not to bring the cars back to the campus until hours after the games are over. These students put their cars into the neighborhoods on a Friday night. This is done in order to make room for "gold" parking. ($250. per season) and "maroon" parking, ($150.00 per season).

WILL THE NEW PARKING GARAGE EVICT THE 800 CARS ALONG WITH THE OTHER 3,000 CARS THAT ORDINARILY OCCUPY CAMPUS PARKING SPACES, FOR MONETARY REASONS? INSTEAD OF 3,000 CARS SEEPING INTO OUR NEIGHBORHOODS WILL IT BE 3800 CARS WE WILL BE DEALING WITH! (BEFORE THE GAME TAKES PLACE, WE WILL BE IN TOTAL GRIDLOCK) WIL THIS BE A NEW USE?

## SPECIAL PARKING OFFER!!!

### SEASON TICKET HOLDERS ONLY!!!

ELIMINATE YOUR PARKING CONCERNS,
JOIN THE GREAT TAILGATE,
*AND*
HELP EDUCATE OUR STUDENT-ATHLETES!!!

Football season ticket holders, your tax deductible donatic to Boston College Athletics ensures you a reserved parking spac in the lot of your choice for all six games at Alumni Stadium 1991. MAROON LOTS

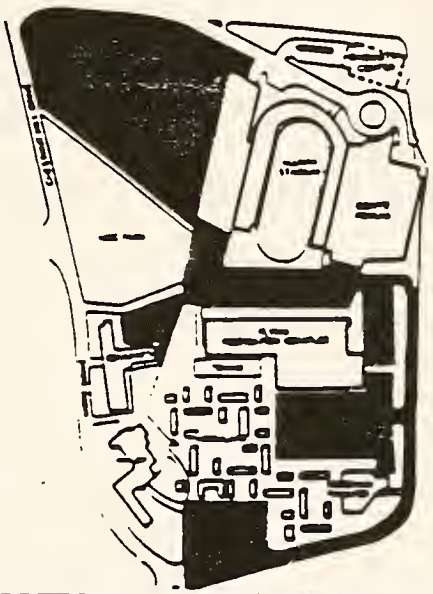
Available to Boston College football season ticket holders who hav donated $150 or more to the Blue Chips in the past year.



ADDITIONAL PARKING INFORMATION

Blue Chips lots will open two and a half hours before the start of eac game and remain open until two hours after the game. In addition, th Alumni Stadium parking garage will be available to the gener public. Boston College reserves the right to close the garage to th general public at anytime.

SHEA FIELD - OPEN SPACE

In closing the L.U.C.K. Neighborhood Association is deeply concerned about laws being by-passed and abused, (ignored, like they don't exist), parking violations (how much is the parking ticket? only $20.00? That's cheap!) That is a remark we hear consistently at every game day. As of now it is hard to comprehend what is happening to our neighborhood in spite of zoning that protects the neighborhood. There are many hidden agenda's and consequencees in Boston Colleges pursuit for a waiver. The stadium expansion is not "to be" The areas surrounding the college are prime residential neighborhoods and not meant to being a commercial zone. We are in total GRIDLOCK now.
Please do not grant this request for a waiver until studies are made .
Thank you for your considerations, on behalf of the Board of Directors, I remain,

Very truly,

Marion B Alford

Marion B. Alford, President

**STEVEN A. TOLMAN,** Chairman Protective Committee — District 1089
Division Chairman — New England
17 Madeline Street
Brighton, Massachusetts 02135
(617) 782-7633

July 29, 1993

Ms. Marion Alford
40 Lake Street
Brighton, MA 02135

Dear Marion:

Please accept this letter as confirmation to our previous conversation when I informed you ... As a Brighton resident, Taxpayer, and Community Activist, I am adamantly opposed to the expansion of the B.C. Stadium.

Our community has worked in many ways supporting many of B.C.'s projects in the past, but never with any knowlege that they had plans of such an expansion.

It's my opinion that B.C. has abused the process and I just do not see any benefits to our community. Contrary, I would be very concerned with property values decreasing with all of the potential traffic problems.

Keep up the fight!

Sincerely yours,

Steven A. Tolman

July 19, 1993

Beverly Johnson, Asst. Director
for Institutional Planning
Boston Redevelopment Authority
City of Boston
City Hall Plaza
Boston, MA 02210

Dear Ms. Johnson:

B.C. Stadium Expansion

I, the undersigned, object to the subject expansion into the Brighton and Allston neighborhoods.

I do not support this proposal in any form. It is absolutely unthinkable.

This proposal will severely impact the Quality of Life for Brighton, Allston, and abutting Brookline and Newton residents by:

Increased Motor Traffic
Increased Noise Levels
Increased buses from designated satellite parking areas
Increased rubbish and litter on our streets and residences
Increased Alcoholic drinking consumption
Increased City Services at Taxpayer's Expense

Dear Ms. Johnson:

B.C. Stadium Expansion

I, the undersigned, object to the subject expansion into the Brighton and Allston neighborhoods.

I do not support this proposal in any form. It is absolutely unthinkable.

This proposal will severely impact the Quality of Life for Brighton, Allston, and abutting Brookline and Newton residents by:

Increased Motor Traffic
Increased Noise Levels
Increased buses from designated satellite parking areas
Increased rubbish and litter on our streets and residences
Increased Alcoholic drinking consumption
Increased City Services at Taxpayer's Expense

Please register my opposition and denial to the subject proposal.

Dear Ms. Johnson:

B.C. Stadium Expansion

I, the undersigned, object to the subject expansion into the Brighton and Allston neighborhoods.

I do not support this proposal in any form. It is absolutely unthinkable.

This proposal will severely impact the Quality of Life for Brighton, Allston, and abutting Brookline and Newton residents by:

Increased Motor Traffic
Increased Noise Levels
Increased buses from designated satellite parking areas
Increased rubbish and litter on our streets and residences
Increased Alcoholic drinking consumption
Increased City Services at Taxpayer's Expense

Please register my opposition and denial to the subject proposal.
